Discussion was held regarding the sewer line clogging all the time. Sheriff Johannes said he's had to call RJ's Plumbing several times to auger the pipe. He's was explaining to the board to see if there is another solution or at least to explain why the county is paying so many plumbing bills. Johannes said the sewer is backing up into the jail cells and causing a huge mess that takes hours to clean up. Andrew Johnson discussed in the last couple weeks he's been called to the jail for sewer issues four to five times. He explained they have augered and used a jet truck to try to clear the pipe from several directions. At each occurrence it seems they have resolved the clog only to be called back again in a few days. The board thanked Andrew for explaining the issues and to keep flushing it out.
