

The Adams County Board of Supervisors met on Monday, May 21, 2018 at 9:00 am with the following members present: Linda England, Leland Shipley, Karl McCarty, Doug Birt, and Merlin Dixon. Also in attendance were; Lauri Greenlee, Scott Akin, Mark Saylor, Nancy Kempton, Larry Badgett, Tony Mullen, Eldon Rike, Karen Carl, and Judith Butcher. The meeting was called to order by Chairperson Birt. The agenda for the day was read and approved. All supervisors voted aye. Motion carried.

Engineer Eldon Rike discussed with the board some of the road projects that are on the horizon. Aspen Road Bridge needs riprap and can be let locally. Rike discussed the five-year plan that is on the Iowa County Engineer’s Association (ICEA) Service Bureau. Rike also spoke about equipment needs. After July 1, 2018 we will be paying approximately \$212,000 for a leased road maintainer which will leave about \$240,000 in the budget to purchase other equipment as needed. He shared that Secondary Roads usually purchases a new maintainer every other year on a rotation basis. Other equipment needs are mowers, a larger excavator, a twin screw axle truck to do shouldering and perhaps leasing an extra excavator for the summer months.

County Attorney Andrew Knuth discussed with the board concerns from a resident regarding the County Weed Commissioner and an ongoing weed issue. The board asked for the topic to be tabled until next week when the Weed Commissioner could be present.

Job descriptions for the Maintenance Supervisor and County Engineer were reviewed. The Board asked to fill the position of the Secondary Roads Maintenance Supervisor. They would like to have the position open until filled.

ISAC requested a meeting to discuss priorities of the Adams County Board of Supervisors. The board would like more information on ISAC Legal Services, Legislative Issues and Government Relations, County Financial Overview and Research Tools, and the ISAC Group Benefits Program.

England moved, seconded by McCarty to approve a firework permit for the Adams County Conservation Foundation for the date of July 6, 2018. All supervisors voted aye. Motion carried.

Ryan Eddis, with Simple Energy Solutions did not appear to present his findings on an energy savings audit.

Claims were approved as follows:
