Also worked on setting some metal culverts. The Adair County engineer came down and went over several projects that are ongoing. The mechanic is getting quotes and pricing on motor grader tires and other tires. Bill Lyddon assisted with the truck radios to help sort out frequencies so there is not as much interference. Will be having a hoist inspection this week. Working on prioritizing culvert replacements. Pipe for Hungry Canyons project was delivered today so work can start on that project most likely in September. The Mack work truck will be picked up today and the skid loader is back.
